---
pin 3

Peel off protection adhesive of the pin3 wire ④ to expose the insulated core.

Connect pin3 wire ④ to camera wire ③.

black cable ② is connected to the backup light"-"

red cable ① connect together to the backup light"+"

Wires color may be different due to various batches, but pin locations will be the same. You can search Youtube video ID "VWCk1CYwF5s" on Youtube to find our supplied camera connection video tutorial

A "High model hazard light"

B (with no label).

If your hazard light and unlock door button are together(as shown in pic ❶), Please use the plug-A with the label name "High model hazard light"

If your OEM center console only has a hazard light button(as shown in pic ❷), please use the plug-B(with no label).

To prevent issues with steering wheel controls, air conditioning, or volume not functioning properly, please be sure to follow the steps shown in image ❶:

Please press Settings—Factory (input password 3368)—Car Model, and select "RZC（Raise）— Ford — Focus — 2005-2018.Mid"

CAN Box type	Car Brand	Car Model	CAN Box
