Instructions

The barcode is for our warehouse outbound use only and is not relevant for installation.

If your factory radio matches the one in image 1, use **C-Cables**.

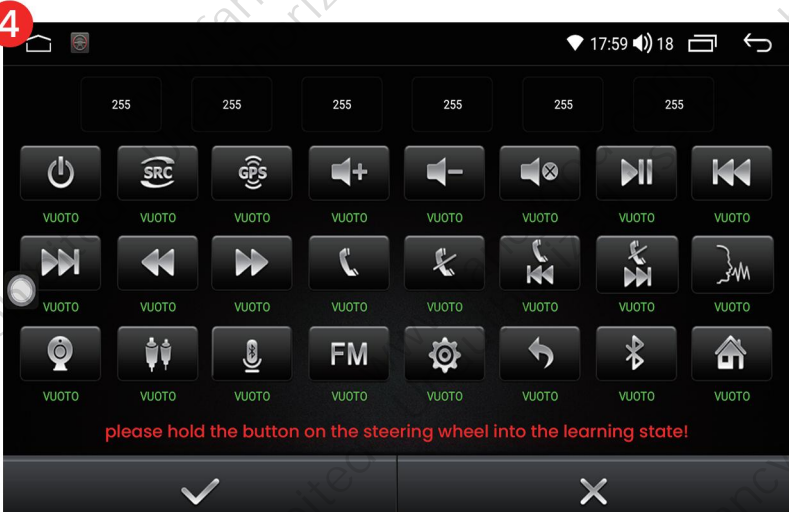

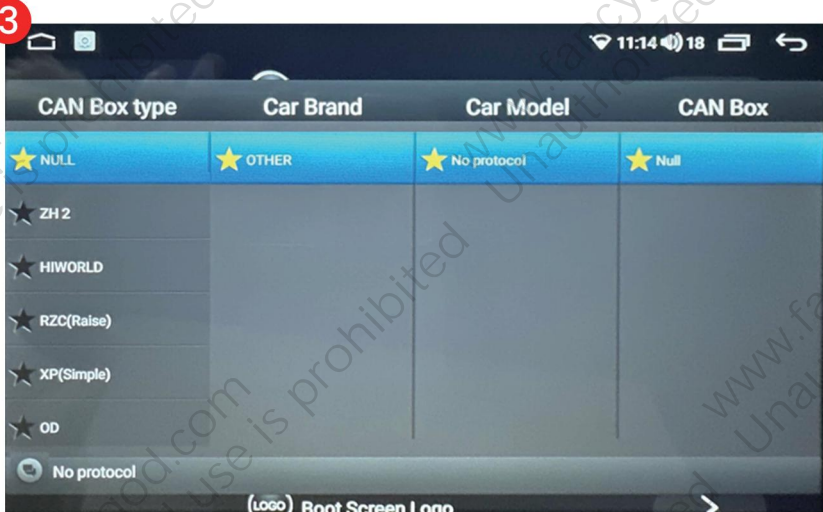

If your factory radio matches the one in image 2, use **B-Cables**.

After connecting the cables, please be sure to follow these steps:

According to Image 3, please press "Settings"
→ "Factory Settings" (enter password 3368)
→ "Car Model," to choose "NULL—OTHER—No Protocol—Null."

If your car has steering wheel control buttons, according to Image 4, please open the SWC app on the radio and refer to the app's instructions to manually learn the steering wheel control keys.

If your front panel buttons of the factory radio match those in image 5, to prevent airbag malfunction warnings, please be sure to connect the hazard light adapter harness as shown in image 6.

FCC warning

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:(1) this device may not causeharmful interference,and (2) this device must accept any interference received,including interference that may cause undesired operation.
